

## MAKING ME NEW

### Intro

#### Verse 1

Sin is a burden I can't carry  
Creating an ocean I can't cross.  
But You came for me, You died for me,  
And now You're setting me free.

#### Verse 2

Redemption is coming like a storm cloud,  
It thunders out hope for all who wait.  
The angels all wait to see, the mystery  
About the end of all things.  
You're making all things new.  
You're making all things new.

#### Chorus

Take the thirsting part of me,  
And quench it with Your Words of Life  
'til grace flows out from me.  
Take the broken part of me,  
Replace it with the mind of Christ,  
A pure reflection of charity.

#### Bridge

Alter me, alter every lie that we believe.  
Let loose the friction of Your Word.  
Bend and burn, make and mold.  
Alter me, alter every lie that we believe.  
Let loose the friction of Your Word.  
Bend and burn.

#### Chorus

Take the, thirsting part of me,  
And quench it with Your Words of Life  
'til grace flows out from me.  
Take the broken part of me,  
Replace it with the mind of Christ,  
A pure reflection of charity.
