We submit to the rule that brings us back from the dead

RAP

Lord, I can hear You knocking, but sin is trying to block it,  
Yet I know that You're not stopping, 'cause You want me more than I could  
Ever ask, ever dream, ever imagine,  
My heart can't fathom this love for which I'm grasping.  
There's no need for asking, Lord do You think I'm beautiful?  
Or, do You think I'm worth it? 'Cause a King died for a servant  
And no, I don't deserve it, but You gathered all my burdens,  
And I can't even tell them why,  
Why You would choose to die, even more be crucified,  
Hang there still alive, Creator of the skies,  
Bridge of the great divide, with divinity in Your eyes,  
And power in Your hands, yet You handed it to man,  
Saying carry out your plan, 'cause I, the Great I AM,  
Have now become the Lamb, I'm now the Son of Man,  
I've now done all I can, to help them to believe,  
To help them to receive, the goal has been achieved,  
The captive is free!
