

SUN STAND STILL

Intro

Verse 1

Lord, why do we doubt, why do we fear,
That You're heart's gone missing,
That Your heart's gone missing.
Come spark a confidence in us,
Everything is moving to our benefit.

Instrumental

Verse 2

Oh, You did not spare Your own son,
But, You delivered him up,
You delivered him up.
Oh, how will You not, also with him,
Come and graciously grant us all things.

Chorus

You cause the sun to stand still.
My enemies can't last forever.
You've made a place for me,
Where I will dwell with You.

Bridge

I am surrendered to the Prince of Peace
So deep, no enemy can stop it.
I am committed to Your purposes
So deep, no enemy can stop it.

No, Your heart's not missing.
No, Your heart's not missing.
You are drawing me, You are forming strength.
No, Your heart's not missing.
No, Your heart's not missing.
You are drawing me, You are forming strength.

Chorus

You cause the sun to stand still.
My enemies can't last forever.
You've made a place for me,
Where I will dwell with You.
