**Ab** **Bb** **Cm** **Bb**  
You open up doors, open up doors every time I open up my heart to You  
**Ab** **Bb** **Cm** **Bb**  
You love me too much to promote me, with all my dreams that destroy me

## RAP

Lord, I give You permission to come and make the incision,  
To give me a new heart, a new vision,  
A new reason for living because I'm sick of pretending  
I can carry all that weight I was given, and I  
Know there's so much more, so much to endure,  
So much to explore, before You open the door You make sure I'm pure,  
Because before promotion, comes devotion,  
A heart that's fully dedicated, not just going through motions,  
You put me in the fire just to take out corrosion,  
But I know that You're with me So I'm willing to go in,  
Just help me live a life that will truly show them,  
That by Your love, our mountains move, and by Your hand, our pain's  
subdued,
