RAP

Lord, I give You permission to come and make the incision,
To give me a new heart, a new vision,
A new reason for living because I'm sick of pretending
I can carry all that weight I was given, and I
Know there's so much more, so much to endure,
So much to explore, before You open the door You make sure I'm pure,
Because before promotion, comes devotion,
A heart that's fully dedicated, not just going through motions,
You put me in the fire just to take out corrosion,
But I know that You're with me So I'm willing to go in,
Just help me live a life that will truly show them,
That by Your love, our mountains move, and by Your hand, our pain's subdued,
Everything we do, Lord, we do it for You. That's why I crucify me,
'Cause You crucified You
